Pay with your credit card

- Insert the credit card into the slot of the chip and pin (you will see a red light).
- Press any 3 digits followed by the 'enter' button (you may enter the same digit 3 times).
- You will hear a positive sound and see a green light.

Note: you must press at least 3 digits to activate the green light and positive sound; otherwise, you will hear a negative sound and the red light will remain on.

Using the microphone

Press and hold the microphone button while speaking into the microphone.

Using the hand-held barcode scanner

- Press the hand-held scanner button over any shopping item. Each time a 'beep' sound is heard.
